Futures Quotes

Grain Indexes

News & Weather

- Responsive
- Latest in Design
- Customizable
- Scalable

A grain elevator in Nebraska needed a modern website hosted with accurate futures market data and news to provide their site visitors with reliable information across any device.

Barchart created a custom Digital Solution with a responsive website design, futures quotes, weather forecasts and news along with text and email alerts.

Grow your business and buy more grain today

Get the upper hand on competition with Barchart's unmatched **market intelligence**.

With global **market data APIs, cash bid information, and the cmdtyView trading platform**, Barchart can provide you with the full suite of workflow solutions your organization needs.

For agribusinesses that want to take it to the next level, our **cash grain bid assessments** and forward curves provide streaming fair values for physical grain and can be used to value your inventory or make better pricing decisions.

Whether you're a merchandiser, crop marketing advisor, or a producer wanting to hedge next year's production, Barchart has the **market data, information, and trading solutions** to fit your needs.
