Why cmdty Data Solutions?

cmdty Data Solutions are flexibly designed to power solutions from front to back office. Whatever your requirements, cmdty can deliver a data solution to meet your needs.

Our high performance data services cover all of the alternative and proprietary data products – and are available over APIs, low-latency Streaming Feeds, or Historical & End of Day delivery methods.

Our flagship cmdtyView™ data platform includes all of cmdty's proprietary Indexes and our branded Newswires. It's the only front-end application you'll ever need.
