

Barchart and AgTrax Empower Growers with Streamlined Data Access

Barchart's integration with AgTrax enables agribusinesses to make stronger relationships with their growers through streamlined access to personalized grain accounting data, cash bids, contracts and more

ACCOUNTING DATA

Empower your growers with easy access to essential accounting data, including scale tickets, contracts, and settlements.

CONTRACT INTEGRATION

Streamline your workflows by sending ready-for-signing contracts to your growers digitally using eSign.

EVERYTHING IS SYNCED

Everything is seamlessly synchronization across your desktop system, your grower's portal, and your accounting data provider.
